Intern Callout

Summer Program 2019

XR Game Developer

Join the team!

Activate Studios is an award-winning, Brisbane based XR (VR/AR/MR) content creation company that produces immersive simulations and experiences for the training and marketing sectors.

An incredible opportunity now exists to join a highly creative, fun and fast paced environment with the launch of their first *Summer Intern Program*.

You will be working closely with Activate Studios lead developer who, along with the rest of the team, have quickly become specialists in Virtual/Augmented/Mixed reality experiences.

We are looking for an individual who thrives in a creative and tech-driven environment, is not afraid to be themselves and put in the effort required to produce high-quality and engaging content.

What you will be doing;

- Utilizing existing game engines to build upon existing XR projects or producing new concepts
- Collaborate closely with in-house creative team of designers and animators on multiplayer VR/AR, VR Driving Simulators and iOS applications
- Assisting rapid prototyping/MVP process for new concepts
- Working with one of the most unique and innovative XR companies in Australia

How we create our experiences;

- Using the latest AR/VR hardware
- Unity 3D/UE4
- AR Kit / AR Core
- C#, C++, SQL, Javascript, HLSL/GLSL
- Adobe Creative Cloud

What we are looking for;

- Technical ability for developing XR experiences
- A passion for XR technology and its future capabilities
- An engaged and positive outlook of working in a small, but highly-capable team.
- Must have graduated or have 12 months left on their degree
- Strong verbal and written English communication
- Current Australian/New Zealand citizen/Australian Permanent Resident
